

BECKER OIL-COOLED PUMP

DOMINION & GRIMM

A BECKER OIL-COOLED PUMPS

- Oil-cooled pallet vacuum pump
- Vibration isolator
- Up to -29.5 Hg
- 3, 5, 7.5 and 10 hp models
- Direct drive shaft
- Available in all voltages
- Ultra quiet
- Stand and drive not included
- Without overheating

B YASKAWA SMART SPEED MODULATOR

- For vacuum pump
- Smart drive kit including a temperature and vacuum probe
- Controls the vacuum level as needed
- Modulation between -15 and 29.9 Hg
- Motor start, stop and speed adjustment according to temperature setting
- Adjust the vacuum and temperature settings yourself
- Once the desired vacuum is reached, the speed modulator slows the motor and maintains the set level of vacuum
