## FARM GATE:

Farm gate is defined as honey produced in a producer's apiary and sold at the producer's place of residence directly to the consumer.

### LABELLING FOR FARM GATE SALES:

- words "honey/miel"
- the name and full address of the producer or packer.  
A full address means providing enough info. to identify the exact location of the producer's premises, such as a municipal address or property identification number, including a postal code.

## RETAIL:

Honey sold from any other location other than the producer's place of residence is considered "retail" honey.

### LABELLING FOR RETAIL SALES:

- words "honey/miel"
- the name and full address of the producer or packer.  
A full address means providing enough info. to identify the exact location of the producer's premises, such as a municipal address or property identification number, including a postal code.
- grade
- net weight
- a notice that comb honey contains cells of pollen, when that is the case
